The analysis in this report is based on results of a survey conducted on December 11th-13th, 2025 among a sample of 923 adults, 18 years of age or older, living in British Columbia and are eligible to vote in provincial elections. The survey was conducted using automated telephone interviews using Interactive Voice Recording technology (IVR). Respondents were interviewed on landlines and cellular phones. The sample was weighted by age, gender, and region according to the 2021 Census. The survey is intended to represent the adult population in British Columbia.

This poll was commissioned by the Pacific Conservative Foundation.
